Notice of Monthly Electricity Generation of Solar Power Generation Facilities for October 2018

Takara Leben Infrastructure Fund, Inc. hereby announces the monthly power generation of the solar power generation facilities under its ownership as of the end of October 2018 as follows.

## 【Monthly Electricity Generation】

Fiscal Period Ended November 2018					
	Number of Solar Power Site	Panel Output (kW)	Forecast Power Generation (kWh) (A) (Note)	Actual Power Generation (kWh) (B)	Difference (kWh) (B)-(A)
June	25	69,551.58	6,779,193	<b>7,935,508</b>	+1,156,315
July	25	69,551.58	7,289,533	<b>9,060,239</b>	+1,770,706
August	25	69,551.58	8,093,560	<b>8,528,178</b>	+434,618
September	25	69,551.58	6,464,706	<b>5,442,964</b>	-1,021,742
October	25	69,551.58	5,946,126	<b>6,292,890</b>	+346,764
November	—	—	5,086,569	—	—
<b>Total</b>	—	—	—	—	—

While October's power generation in several areas in Tohoku, Kanto, Chubu, and Kyusyu region are slightly below the expected power generation, however, increased monthly sunshine duration throughout the nation resulted in electricity generation to reach 6,292,890kWh, which is 5.8% higher than the estimated electricity generation on the basis of the expected amounts of electricity generation in the 50th percentiles of probability of exceedance.

(Note) The estimated electricity generation is the total of the expected amounts of electricity generation in the 50<sup>th</sup> percentile of probability of exceedance calculated by a third party on the basis of the database for hourly solar radiation for a year and others

**【Monthly Electricity Generation by Power Plant】**

October 2018					
No.	Solar Power Site	Panel Output (kW)	Forecast Power Generation (kWh) (A) (note)	Actual Power Generation (kWh) (B)	Difference (kWh) (B)-(A)
S-01	LS Shioya	2,987.25	228,837	<b>248,921</b>	+20,084
